

Memorials

We have recently discovered a feature in our new church management system (Realm) to track additional information for Memorial gifts that are given online. You can now enter a person's name in the Memo Line when you are giving a donation in memory of someone.

We are also working towards a better process to track those memorials that were given by folks who are not members at Incarnation and may not be in our church database system. Below are gifts that were given in the past six months that we have now been able to identify the donor, the name of the loved one that the memorial was given for, or may not have been listed in the previous Lifetimes.

We honor the memory of loved ones in the memorial gifts given below:
